

Cotham School Governors

As an Academy, Governors are responsible for the strategic direction of the school. They are responsible for ensuring that the school is run in accordance with the Co-operative Articles of Association and the Funding Agreement with the Department for Education.

Governors are responsible for the appointment of senior staff, including the Headteacher, and for setting the school's budget, monitoring it and ensuring that the requirements of the Companies and Charities Acts are met. There are six meetings of the Governing Body in each school year and a meeting of each of the Governors' standing Committees:

Learning and Well-Being, Personnel & Training, Finance, Property & General

Purposes and a joint Post 16 Committee with Redland Green School. Governors are also active outside the framework of formal meetings and take part in working parties alongside staff to study various aspects of the school's provision and report back to the Governing Body.

Since conversion to Academy status, Cotham's Governing Body has provision for nineteen members. Six are elected by parents; one appointed by the Local Authority; one Governor appointed by the Schools Cooperative Society; two are elected by the teaching staff and one by support staff; there are seven Community Governors, appointed in accordance with the Articles of Association. The Head is a full member of the Governing Body. Governors hold office for a period of four years.

For more information about becoming a school governor please contact Clerk to Governors via the main school email address: info@cotham.bristol.sch.uk

Approved minutes of the most recent Full Governing Body Meeting are displayed on the Governor Notice Board in Reception and are available on the school website.

Dora Alderson, Community Governor

Chair of the Personnel & Training and Appeals Committee.

I have been a governor since the early 1990s, when I was a Parent governor and member of the COMPAS parent support group for music, drama and dance. I am now a Community governor and, as Chair of the Personnel & Training Committee, I have contributed to the strategic decisions of the Governing Body on Human Resources issues. I have many years' experience of teaching geography and politics at secondary level here in Bristol and have a keen interest in current issues of teaching and learning, which I bring to the

Learning and Wellbeing Committee. I am concerned to support the school in developing pathways to success for all students, whatever their abilities and interests.

John Bass, Parent Governor

Paula Bradshaw, Parent Governor

I have been a Parent Governor since January 2016 and have sons in Year 7 and 9, and a 3 year old. I work full time as a chartered accountant, trained with Price Waterhouse, and have held a number of senior finance and board level roles in London, Bristol and Cheltenham mainly across the retail, healthcare and marketing communications sectors.

Children are amazing, outstanding education and inspiring teaching is critical to support their development and individual success. Cotham is a great school and I would like to see it continue to grow and develop but retain it's strong ethos, particularly given the continual changes to the structure of education as a whole. I feel that an effective parent representative should listen, communicate parents' views in a balanced manner, and have the ability to contribute and influence debates on decisions about the school.

David Brockington, Schools Co-operative Society Governor

I was a parent governor from 2006 and am now the Schools Co-operative Society (SCS) representative on the Governing body. My daughter, who was at Cotham, has now graduated from the University of Leeds where she read Human Geography. I became a Governor because I hoped that some of the educational work that I'm involved with professionally might be of assistance to the school. Over the years I have been involved with a variety of government education initiatives including involvement in the deliberations of the Tomlinson Working Group on 14-19 Education Reform. I am a founding Trustee of ASDAN, which is a national educational charity involved in the promotion of PSHE, Citizenship & Work Related Learning, and is also a national awarding body.

Jim Bowyer, Parent Governor

Chair of Governors

I am currently the head of Bristol Hospital Education Service, having previously worked as an Assistant Head in a secondary comprehensive and as a member of a local authority behaviour support team, among other teaching and non-teaching posts. I have been a parent governor since 2009.

I have three children, all of whom have been students at Cotham. I believe that schools should provide a wide range of opportunities to help all of their students to grow into resilient and autonomous adults. From my own children's experience I know that Cotham has done this for my children over the past eleven years. I continue to enjoy using my knowledge and experience to support Cotham School's community in the future.

Ed Carpenter, Non-Teaching Staff Governor

I have worked in the education sector since leaving school, initially starting as a part-time volunteer in a primary school whilst studying ICT at college and then going on to full-time positions as an ICT technician in a secondary school in North Somerset before coming to Cotham as Network Manager in August 2011. I wanted to become a Governor to get a deeper knowledge of how the school works and what processes take place in the background to make the school run. I am on the Finance & General Purposes and Personnel and Training committees.

Jo Butler Headteacher

Andrew Ellis Teaching Staff Governor

I am a Staff Governor, and have been working at Cotham since 2001 as Curriculum Team Leader for Science. This is my second term as a Governor. I became a Governor for two reasons: to represent the voice of all those who work in the school, and to contribute to the development of the school at a strategic level. I believe that this is a crucial time in the evolution of our school and that, if we are to continue to provide outstanding education to Bristol's children, we must be open to new ideas and be willing to nurture new partnerships with interested groups across the city and beyond.

Jo Feather Community Governor

I became a community governor in late 2014 and sit on the Learning and Well-Being Committee and am one of the link governors for Child Protection. I am a Social Development Consultant, working predominantly in Africa, supporting programmes addressing the rights of girls and women, increasing girls' empowerment through education, life skills and sexual and reproductive health as well as various aspects of child protection. I also provide training to teachers in primary and secondary school on delivering high quality, age appropriate sex and relationship education as part of the PSHE curriculum. I believe strongly that

every child has the right to a well-rounded, inclusive education that not only provides them with the best learning outcomes but also enhances their confidence and self-esteem. I have two children at primary school and live locally.

Sandra Fryer Community Governor

Chair Finance, Property & General Purposes Committee

I joined Cotham Governors when my children came to the sixth form, some ten years ago, and as a family we were hugely impressed with the school and I felt I wanted to contribute my skills and expertise to the Governing body. I bring to the school my planning, regeneration and economic development experience, built on years of public service as a planning director and more recently as a consultant to local authorities. As Chair of the Finance, Property and General Purposes

Committee I have led the negotiations around the BSF Project and continue to have an overview of the property needs of our growing school and the future plans for Stoke Lodge Playing Fields. I also contributed to the work Governors undertook in becoming an Academy, ensuring our governance, financial and property arrangements were sound. As Vice Chair as well as Chair of FP and GP I am pleased to be part of the continuing success of our school, not least of all to support the very sound financial management systems we have in place to underpin our school business and to provide the critical friend role to the school. With changing funding regimes ahead this is not always an easy task!

Claire Grocott, Parent Governor

Chair of the Learning & Wellbeing Committee.

I have been a Parent Governor since 2011, Chair of Learning & Wellbeing Committee since 2014.

I currently have 2 children at Cotham and 1 at Post 16 centre.

My particular interest is in the SEN department at Cotham.

My personal background is in the Creative Industry and Performing Arts.

Delroy Hibbert, Community Governor

Jeremy Krause, Local Authority Governor

I have had a full and varied career in education, from classroom teacher through to school leadership and senior roles in local authorities. I was formerly leader of the Secondary School Improvement Programme in the South West. Currently, I am a retired Education Consultant, but I still retain a good understanding of what makes effective school leadership and the key characteristics of high quality teaching and learning. I am totally committed to improving the life chances of all young people.

As I live in the Cotham catchment I wish to contribute my knowledge and expertise for the benefit of the local community. I am a former President and trustee of The Geographical Association and currently serve on its Early Years & Primary Committee. I have wide-ranging interests including photography and drawing, but am a geologist/geographer at heart.

David Winter, Parent Governor

Chair of the Audit Committee.

All three of my children have attended Cotham. The youngest is currently in year 13. Most of my career has been spent teaching Economics in different universities. I have supervised undergraduate teaching at Faculty level at Bristol University. I currently teach Economics part time there.

I was first elected parent governor in 2011 and re-elected in 2015. I am currently the chair of the Audit Committee. I also sit on the Learning and Well-Being Committee and the Governors' Working Group on the Academy Co-op. I am deeply committed to Cotham developing as a co-operative academy. This will provide the best framework to achieve the highest levels of attainment for all students.

David Yorath Community Governor

Chair of Governors from 2012 to 2014. I am a retired education consultant who worked for Bristol LA for five years before joining the Governing Body at Cotham in 2001. I am a qualified public sector accountant with a long-standing interest in the funding of schools and I am a governor member representing Academies of Bristol Schools Forum, the body which agrees the local funding formula for schools and Academies. I am a member of the Academies, Colleges and Universities Panel of CIPFA (Chartered Institute of Public Finance and Accountancy) for whom I wrote *Effective Governance and Financial Management*

in Academies in 2011. I am Chair of Bristol Labour Party and a member of its education policy group. I am active in over 60s' cricket in Somerset and I am a referee assessor for the Rugby Football Union (RFU) in the South West.
