

Avon and Somerset police are working hard to support our colleagues in the NHS in these unprecedented times. We call on all in the community not to take any action that would cause for the unnecessary use of police resources. In particular acts of criminal damage to the fence at Stoke Lodge fields any tampering with or removal of panels is an offence. Any damage will rightly need reporting to the police and we will conduct a vigorous investigation and look to prosecute where the evidence exists. I stress that it is not the report of the damage that is the unnecessary use of police time but those who cause the damage. I would also urge anyone who witnesses such damage to report it to the police.

Thank you for your support.

Christopher Starr

T/Inspector Bristol North Neighbourhood Policing Team
