Cotham School Playing Fields – casual use in lockdown.

Following the Prime Minister's announcement last night and having considered the published guidance in conjunction with the school's insurance risk, Cotham School Playing Fields, Stoke Bishop, will be unlocked and therefore open to casual users 08:00 – 17:00 Monday to Sunday.

The fields will not be required for use by the students that remain in school at this time.

Since we are now able remotely lock and unlock the site without having to send a member of staff to site to do this since the introduction of the electronic access control system.

The 2 gates that will be open during these times are the access-controlled gates located at Parrys Lane & by the Adult Education Centre. Please note the hours of opening, and do not get locked in, there is an emergency exit button on the mower shed by the Parrys Lane exit.

Please ensure that the fields are only used within the permitted school use rules and the Government's lockdown restrictions.

Stay safe.
